Get Started with *my*HEALTHware® Today!

STEP 1 You will receive an email invitation from **myHEALTHware.com** to complete your registration. The message will include a link to complete the registration process and to validate your account. Be sure to check your email program's "junk" folder if you don't see the message in your regular inbox.

STEP 2 Click on the link included in the email invitation. This will open the **myHEALTHware** registration page where you will be prompted to enter the patient's birthday, gender and name. You will also create a Username and Password for the **myHEALTHware** account, which you should record in the spaces below for safe keeping:

Username: _____ **Password:** _____

STEP 3 Before you can proceed, please review the Terms & Conditions and check the box to indicate that you agree to the Terms & Conditions that are outlined. When finished, click Continue.
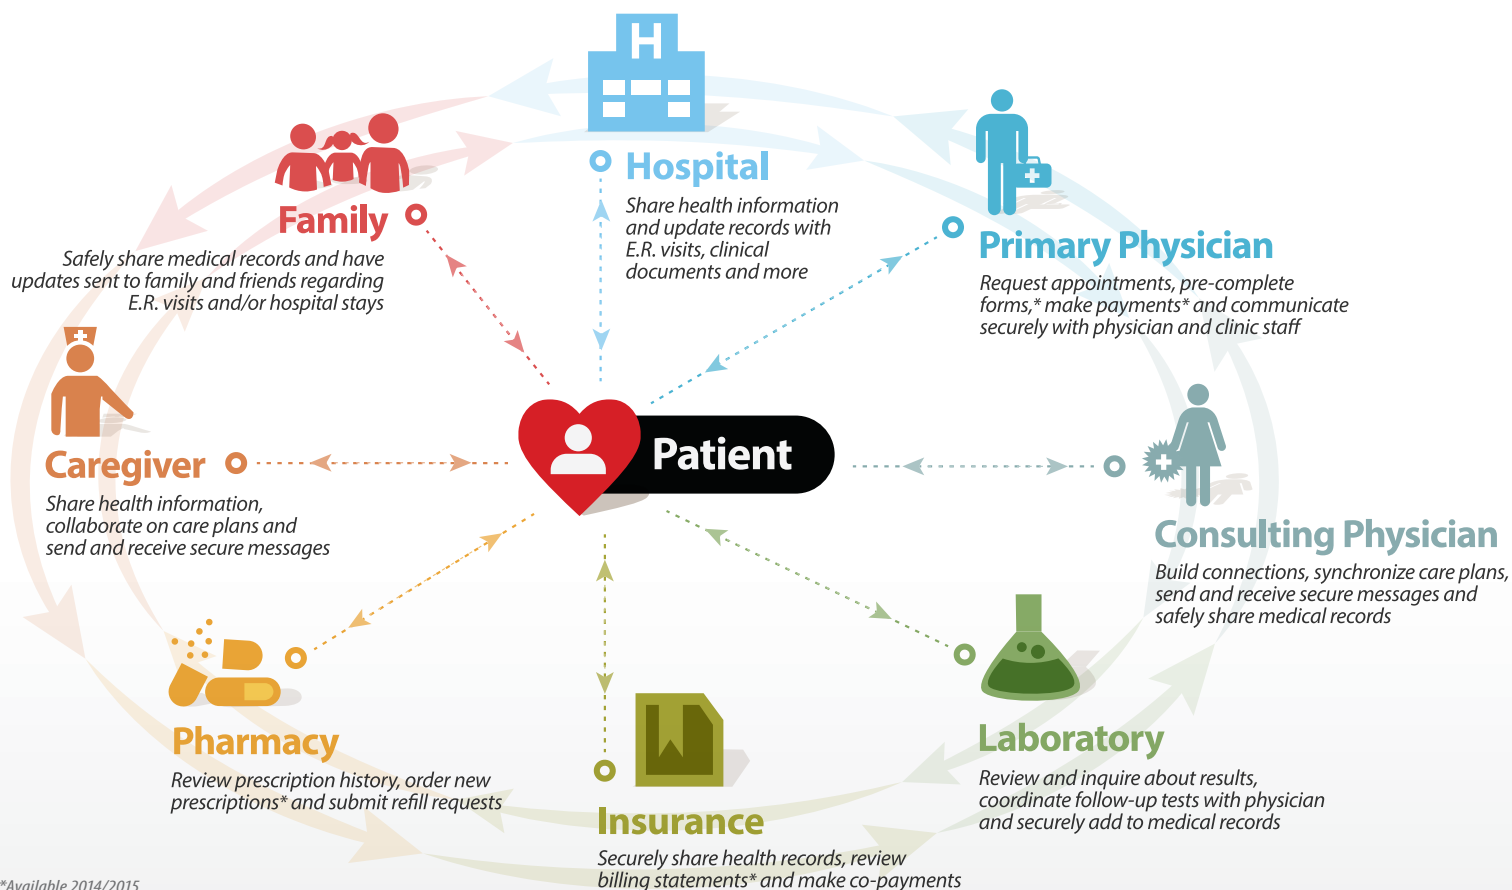

STEP 4 Your registration is complete and you're now ready to start using myHEALTHware!

*For help with viewing your medical summary, starting your first secure conversation, or any other **myHEALTHware** feature, simply click the ⚙ Tools icon in the top right corner of your **myHEALTHware** screen, then choose Help from the dropdown menu.*

We've raised the bar on care coordination.

Introducing the Ultimate Healthcare Management Solution

Imagine a state-of-the-art healthcare coordination platform that combines the best features of social networking *plus* 20 years of medical software expertise. The result? Highly accessible health information, delivered with unprecedented levels of privacy and security, and designed for maximum convenience and ease-of-use.

myHEALTHware® (MHW) is the ultimate coordinated care solution, providing you with the tools and resources you need to easily manage your health information – including secure online access to medical records, a safe portal for sharing information with family and friends, and quick, reliable messaging with all members of your medical team. It's also an efficient, user-friendly solution for your healthcare provider, delivering a secure platform for doctors and clinical staff to view patient data, connect with fellow healthcare professionals, coordinate with internal and external team members, and communicate with other software users from inside the Electronic Medical Record.

Are you ready to take charge of your healthcare information? Discover the ways **myHEALTHware®** can help you and your physician collaborate, connect, and communicate today.

myHEALTHware® delivers the tools you need to:

SHARE AND MANAGE ALL YOUR HEALTHCARE INFORMATION IN A PRIVATE, SECURE ENVIRONMENT
